Local Men Find Rich Ore

After being away for fifteen days on a prospecting trip, Richard Hofstad, Ole Johnson and C. Lauritsen arrived back in town late Tuesday night. The boys went from Wrangell to Chicagoff Island for the purpose of locating a large ledge of marble, and after the second day on the Island the marble was located and four claims staked. After the marble had been located the boys started to look over the country and found some floaters in a small creek and after tracing it up located what has the appearance of being one of the richest finds that has ever been located on the Island. The ledge is some 9 feet wide and was traced over three claims which the staked. The find is free milling gold and is of the same formation as the famous DeGroot Mine and is only about 15 miles from that mine. The boys brought in about 150 pounds of ore which was sent to Seattle for a mill test.

Mrs. Lars Hanson of Petersburg who underwent an operation at the Wrangell Hospital June 18, is improving very fast.

Capt. John Johnson is remodeling his fishing boat Dawn by putting on a new cabin.

Special Meeting City Council

The City Council meet in a special meeting last Friday evening at the City Hall. The meeting was called for the purpose of hearing the report of the Water Committee on the new Dam. As the Mayor was absent Councilman Grant was elected to preside at the meeting. Councilman Sorset of the Water Committee reported that the Committee had ordered 2000 feet of cable from the West Coast to be used in the work of clearing for the dam site and also that they had made arrangements with P. C. McCormack for the use of his donkey engine for the season to be used on the work. The resignation of Town Clerk H. J. Palmer was read and accepted. Whereupon the Council tendered a vote of thanks to Mr. Palmer for the careful and efficient way he had taken care of the books of the town during his term of office, and same to be published in Wrangell Sentinel. Paul F. Stanhope was then elected to fill out his unexpired term.

It is reported by parties returning from up the river that there is a bad forest fire burning at Mile 120 near Devils Elbow.

When in Ketchikan spend an evening at the "The Dream," the house that sets the PACE. All others try to copy.

All Ready For The Big Celebration

Partial List of Events and Prizes

The prospects for the great celebration are getting brighter as the day draws nearer. The outlying camps have expressed their to help us make it the biggest and best that has ever been pulled off in the Town. Several of the committees have turned in their programs for the list of events under their supervision. They are:

New Members In Association

The Alaska Cooperative Fishing Packing Co. shipped a car of mild cured salmon south on the North-western last Saturday and will ship another this week. The Company has made great strides since their organization nearly a year ago. Manager J. H. McCreche recently returned from a trip to the states in the interest of the company and states that the prospect for the coming are brighter than they have ever been before. The building of the company have been improved greatly, and the membership of the organization has been increased nearly double in the past month, some of the new boats of the company are the Hi Gill, Gertrude, Jim Ham, Gjoa, Wilking, Sjold all of Seattle, and the Fram, Valhalla, and Lumen of Petersburg and the Holdal of Tacoma, besides several local boats.

Port Simpson Is On Last Trip

The Hudson's Bay Co. steamer Port Simpson left on her last trip of the season on the Stikine River between Wrangell and Telegraph Wednesday evening. She has about 80 tons of freight this trip and several passengers. She will be back in about five days and will proceed south.

The Trip To Great Glacier

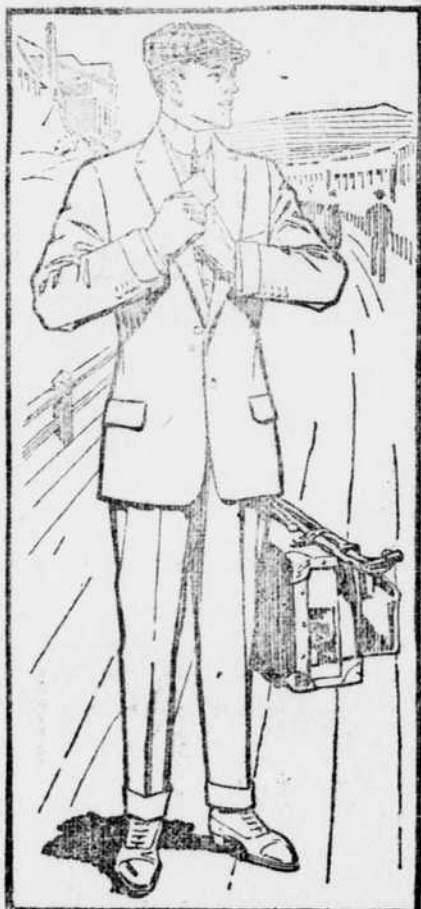

One hundred and thirty-eight persons availed themselves of the opportunity to see the Great Glacier last Sunday on the Hudson's Bay steamer Port Simpson. The day was ideal for an excursion and just right for the picture men, and some dandy ones were taken too. The party left town about eight in the morning and came back about nine in the evening. The Great Glacier is about 65 miles up the Stikine River and is a sight well worth the trip to see. The front of the Glacier is three and a-half miles across, and runs back in the mountains for miles. The trip on the Port Simpson is certainly one of comfort and everything was done by the crew to make it enjoyable to everyone and the thanks of the entire party are extended to Purser S. Hodgkinson and Capt. C. A. Gardner.

Geological Survey Man Passes Through

The Taku II, Capt. Lancaster, was in port Wednesday. The Taku is under charter to G. C. Martin of the U. S. Geological Survey who is covering Southeastern Alaska in a small boat picking up the information that was not obtainable by the parties on the larger steamers.

Thrilling Time On Stikine

The Silver Fox came in port last Friday with F. C. Schumacher and R. Howard on board. Schumacher and Howard had one of the narrowest escapes that is possible from drowning in the Stikine. It seems they were making their way to the upper part of the river and coming to the Big Bend took the short cut to get to Barley Cache sooner, and when nearly through the steamer Port Simpson was sighted the boys started their boat for the shore to get out of the way of the Simpson, and managed to run along side of an old log jam just as the steamer went by. The swells from the steamer hit the gas boat and first filled it half full of water and capsized her and she went under just giving the boys time to get on the jam. The wreck happened about noon Tuesday and from that time until the Silver Fox was sighted about four o'clock Friday afternoon the boys were marooned on the jam without a thing to eat and only the clothes they had on. The boys were expecting the Winifred along every day so at first did not make an effort to get away but when Friday came and no Winifred they started to build a raft to float down the river in, as they had no ax, they dragged logs up to their fire and burned them in two heating alders with which to fasten them together. After being brought to town the boys are little the worse for their narrow escape.

Mr. Joseph of the Columbia & Northern Cold Storage was a passenger south on the Princess Sophia to Altoona, Wash. where he will spend the summer, returning here as soon as the fishing season on the Columbia is closed.

Ladies Aid Bazaar Next Tuesday

WE WANT not the earth with a fence round it, but for everybody to have a good time at our Ladies' Aid Bazaar next Tuesday the 30th. We are looking forward to having a right jolly time ourselves and we will do everything in our power to make the citizens of Wrangell, and all the visitors, enjoy the afternoon and evening. Did you ever fish in the Atlantic Ocean, kids? You might think it was a long way from here, but we will give you a try at it next Tuesday—They call it the "Big Pond" back east and it's sure some place to fish. How about our Two-Bit Booth for your Christmas presents? Too early? Not a bit. Gifts just the right size to send by mail. Lots of other things, too, with prices to suit any pocket book. Everybody please pe'on hand at 8:30 for the concert—We are going to have a novelty or two you will like.

Notice To Children

Will all the children who would like to sinp at the celebration on the Fourth please come to the School house on Friday, June 26, at 3 o'clock. Rehearsal for the Chours and a Flag March.

Where is that Band? There has been a lot of talk about it the past week but we haven't heard it out practicing yet. If you want to get in it the Fourth of July get busy and practice.

Card of Thanks

Through the columns of the Sentinel I wish to express my heartfelt thanks and appreciations to the many kind friends who assisted my Father in his late illness and death and especially to his kind Masonic Friends.

M. H. Inman.

Old Citizen Passes Away

Just as the whistle of the mill noted the noon hour last Tuesday, the life of one of Wrangell's most esteemed citizens, M. F. Inman, came to a close. Mr. was one of the best known and respected man in the city, and for several years has occupied the place of Townsite Trustee, resigning about three months ago.

His illness has been short standing, being a hale and hearty man until a few months ago when he took sick at his home and after a few weeks was removed to the Wrangell Hospital where his condition at first seemed to improve but latter failed again and word was sent to his sons in California and in answer M. A. Inman came to Wrangell on the first steamer, arriving here last Monday the day, before his father passed away. The body was shipped south on the Mariposa this morning on his last journey on earth to San Rafael, Cal., where the body will be buried. The death of Mr. Inman was caused by senile debility complicated by inflammation of the gall bladder.

Mr. Inman was born at Rodman Jefferson Co., New York, in 1839. In the spring of 1862 he joined the 13 U. S. Infantry of the Army and served until the close of the war. In 1876 he came to the coast of California where he made his home until he came to Alaska in March 1898 and has made Wrangell his home ever since. The Deceased was married in New York state before coming the coast, and to the union three children were born, two boys and a girl. The two sons both residents of California, Pratt C. Inman, a druggist of San Rafael, and M. H. Inman of San Francisco.

New Yacht Is A Fast Boat

Col. Jacklins' new yacht, the Cyprus went through the straits last Tuesday. According to reliable parties that were at the narrows at the time she is some fast ship, as the Princess Sophia passed through just ahead of the Cyprus and before they were out of sight the Cyprus had passed her.

Jule A. Mason Passes Away

The community was shocked last evening to hear the news that Jule A. Mason had passed away. Mr. Mason has been a resident of Wrangell for several years. About two years ago Mr. Mason suffered a paralytic stroke and has been in ill health ever since, and yesterday afternoon he suffered an other attack which caused his death about six o'clock. The heartfelt sympathy of the entire community goes out to the stricken family. The funeral services will be held at the grave at 1:30 p. m.

James Wickersham Makes Announcement

To the People of Alaska:

I shall be a candidate for re-election as Delegate from Alaska at the November election. This announcement is made upon request of many people in Alaska, and because my duties as your representative in Congress prevent me from coming home at an early date to make it in person.

In case of my election in November it will be my purpose to work for Congressional enactment:

In support of the progressive Alaskan policy declared by President Wilson in his message to Congress December 24, 1913.

2. To continue appropriation in aid of government owned and operated railroads in Alaska.

3. To secure better administrative control over railroad and steamship lines in Alaska, a reduction of the present confiscatory rates, and permanent dissolution of the monopoly which has so long controlled transportation facilities in Alaska in violation of the Sherman act.

4. To secure additional appropriation of \$450,000 for the immediate completion of the capital buildings at Juneau, and other appropriations for other needed public buildings in Alaska.

5. To secure the construction of a safe and suitable harbor at Nome, and the improvement of Dry Strait.

6. To secure the passage of a fair coal leasing bill so the mines may be immediately opened for development without monopoly.

7. To secure appropriations for aids to navigation, and for roads, trails and bridges.

8. To protect our fisheries from destruction and monopoly, and to compel them to pay their just proportion for the support of Alaskan government.

9. To create the commission form of control in the administration of national estates in Alaska, so that our public lands, fisheries, coal mines, forests, game, Indians, and educational, charitable and penal institutions may be managed in Alaska by a single commission headed by Alaskans.

10. To procure the reservation of sections of land in each township of public lands surveyed, for the support of common schools in the Territory; for a law granting a second homestead to those who have none in Alaska; for the establishment of an agricultural college in the Tanana valley; for the survey of all homesteads on unsurveyed lands in Alaska at the expense of the United States.

11. To otherwise aid in general progressive policy of development of Alaska along lines approved by her citizens and President Wilson.
